## MODEL 112 Control Panc]

Single phase, simplex motor contactor control.
The Model 112 control panel provides a reliable means of controlling one 120, 208, or 240 VAC single phase pump in pump chambers, sump pump basins, irrigation systems and lift stations. Two control switches activate a magnetic motor contactor to turn the pump on and off. If an alarm condition occurs, an additional alarm switch activates the audio/visual alarm system.

## PANEL COMPONENTS

1. Enclosure measures $8 \times 8 \times 4$ inches ( $20.32 \times 20.32 \times 10.16 \mathrm{~cm}$ ). Choice of NEMA 1 (steel for indoor use), or NEMA 4X (ultraviolet stabilized thermoplastic with removable mounting feet for outdoor or indoor use).

* Options selected may increase enclosure size and change component layout.

2. Magnetic Motor Contactor controls pump by switching electrical lines.
3. HOA Switch for manual pump control (mounted on circuit board).
4. Green Pump Run Indicator Light (mounted on circuit board).
5. Float Switch Terminal Block (mounted on circuit board).
6. Alarm and Control Fuses (mounted on circuit board).
7. Alarm and Control Power Indicators (mounted on circuit board).
8. Ground Lug
9. Circuit Breaker (optional) provides pump disconnect and branch circuit protection.

## STANDARD ALARM PACKAGE

10. Red Alarm Beacon provides $360^{\circ}$ visual check of alarm condition.

Note: NEMA 1 style utilizes a door mounted indicator in lieu of a beacon.
11. Alarm Horn provides audio warning of alarm condition ( 83 to 85 decibel rating).
Note: NEMA 1 style utilizes an internally mounted buzzer in lieu of horn.
12. Exterior Alarm Test/Normal/Silence Switch allows horn and light to be tested and horn to be silenced in an alarm condition. Alarm automatically resets once alarm condition has been cleared.
13. Horn Silence Relay (mounted on circuit board).

NOTE: other options available.

## FEATURES

$\square$ Entire control system (panel and switches) is UL Listed to meet and/ or exceed industry safety standards

Dual safety certification for the United States and Canada
$\square$ Standard package includes three 20' SJE SignalMaster ${ }^{\circledR}$ control switches
$\square$ Complete with step-by-step installation instructions
■ Three-year limited warranty
